## Abstract

# Content

---

1. Protocol
  1. textual description
  2. graphical description
  3. informal description
  4. implementation
2. Petri Net
  1. Visual
  2. Informal
  3. Transition system
  4. Implementation
3. Concurrent Algorithm
  1. Code
  2. tup4fun model
  3. testing
  4. transition system
4. Project Highlights
  1. Best actual feature
  2. Best potential feature
5. Additional Information

# 1. Protocol

Protocol: textual description

Protocol: graphical description

Protocol: informal description

Protocol: implementation

## 2. Petri Net

Petri Net: visual description

Petri Net: informal description

Petri Net: transition system

Petri Net: implementation

### 3. Concurrent Algorithm

Concurrent Algorithm: code

Concurrent Algorithm: tup4fun

Concurrent Algorithm: testing

Concurrent Algorithm: transition system

## 4. Project Highlights

Best actual feature

Best potential feature

## 5. Additional information
